

High-Performance Cosmetic Ingredients: Zeyton 5 & Zeyton 6

Why choose Zeyton ingredients?

- ✓ Hydroxytyrosol: the science-backed antioxidant
- ✓ Clean, natural, sustainable and high stability
- ✓ Supported by an *in vivo* study conducted in human volunteers:
 - Supporting brighter-looking skin: reduced the melanin index, reaching about 15% in 28 day.
 - Helps defend skin against oxidative stress

Why partner with Zeyton Nutraceuticals?

- ✓ Premium 100% natural ingredients
- ✓ Developed and produced in Portugal
- ✓ Technical support for formulators
- ✓ A strong brand story that adds value to your final products
- ✓ Reliable B2B supply & scalability

Where science meets nature

Current results support claims such as:

- ✓ Supporting skin brightness and radiance
- ✓ Helps reduce appearance of hyperpigmentation and the appearance of dark spots
